

OPENING SYMPOSIUM OF THE ULB- CANCER RESEARCH CENTRE (U-CRC)

Friday July 1st, 2016

Musée de la Médecine, Erasme Campus, ULB

808 Route de Lennik, 1070 Brussels

To find us: www.ulb.ac.be/campus/erasme/plan.html (Bâtiment 8)

Registration and Abstract submission :

symposium.ucrc@gmail.com

Abstract submission deadline: Wednesday, **June 1**

PROGRAM:

8:30 – 9:00	Welcome & registration – Coffee
9:00 – 9:30	Opening remarks: Didier Viviers , Rector, ULB; Serge Schiffmann , Vice-Rector for Research, ULB François Fuks , U-CRC Director; Cédric Blanpain and Christos Sotiriou , U-CRC Vice-Directors

SESSION I: BASIC RESEARCH

9:30 – 10:15	Keynote lecture: Guido Kroemer , Gustave Roussy Institute; INSERM, France <i>Natural and therapy-induced immunosurveillance in breast cancer.</i>
10:15 – 10:35	François Fuks , Laboratory of Cancer Epigenetics, ULB <i>Epigenetics and Epigenomics are coming of age.</i>
10:35 – 11:05	<i>Coffee break</i>
11:05 – 11:25	Cédric Blanpain , Stem cell and cancer group, IRIBHM, ULB <i>Mechanisms regulating tumor heterogeneity.</i>
11:25 – 11:45	Stanislas Goriely , Institute for Medical Immunology (IMI), ULB <i>Control of inflammation and tumorigenesis.</i>
11:45 – 12:05	Oral presentation: Best poster

SESSION II: TRANSLATIONAL RESEARCH

12:05 – 12:25	Christos Sotiriou , Breast Cancer Translational Research Laboratory, Jules Bordet Institute <i>Molecular Tools for Precision Medicine : Applications and Challenges</i>
12:25 – 12:45	Pierre Roger – Eric Raspé , Cell cycle laboratory, IRIBHM ULB <i>CDK4 phosphorylation in the cell cycle decision and cancer.</i>
12:45 – 14:15	<i>Poster sessions & Exhibition - Lunch</i>
14:15 – 14:35	Dominique Bron , Laboratory of Experimental Hematology, Laboratory of Clinical Cell Therapy, Jules Bordet Institute <i>Chronic Lymphocytic Leukemia : from the bench to the clinic .</i>
14:35– 15:20	Keynote lecture: Jean-Christophe Marine , Laboratory for Molecular Cancer Biology, VIB, KUL <i>Cancer Cell Addiction to lncRNAs.</i>

SESSION III: CLINICAL RESEARCH

15 :20 – 15:40	Nicky D'Haene , Department of Pathology, Erasme Hospital <i>Molecular profile of Glioblastoma: Clinical applications .</i>
15:40 – 16:05	<i>Coffee break</i>
16:05 – 16:25	Ahmad Awada , Clinic of Medical Oncology, Jules Bordet Institute <i>How molecular biology advances have influenced solid cancers therapeutic strategies?</i>
16:25 – 16:45	Raphael Maréchal - Jean-Luc Van Laethem , Laboratory of Experimental Gastroenterology, Erasme Hospital <i>Emerging taxonomy of pancreatic cancer: a way to treat a multiresistant cancer?</i>
16:45 – 17:00	Closing remarks
